Current requirements & step-by-step guide to boarding our ships

We've put together this simple guide to help you understand what you'll need to embark your cruise from Greece and the Arabian Gulf. Please read the below information carefully - and note that the **requirements to join a cruise ship are different from the Greek government entry requirements**. If you have any questions at all, please contact our customer service team.

Travelling to Greece and the Arabian Gulf

We recommend you check entry requirements in advance in regards to travel from your place of origin. Requirements to enter the country can change from one country to another.

Travel insurance

Travel insurance is strongly recommended for both your cruise and entire trip, from the time you leave home until the time you return.

1 Document check

You will need to present your e-ticket, passport, visa (if applicable).

2 Luggage drop-off

Once you've successfully completed the document check, you'll proceed to the luggage drop off point. Your luggage will be tagged with your stateroom or suite number, then security scanned by the local port authorities. Finally, it will be transferred to the ship and delivered to your stateroom by our crew members.

3 Check-in

Once you've dropped your luggage, you'll be clear to head into the terminal and check in with our embarkation team. If you booked a suite, SG, on Celestyal Discovery, please contact our land staff who will ensure you move swiftly through check in. There will be a reserved line for those who have checked in online.

At check in, you'll need to present a valid travel document i.e. passport or identity card depending on your nationality. This document will be used to check that your personal details are correctly entered into our passenger's manifest as per International regulations when travelling to various countries. The document will be held only if further formalities are required in the intermediate ports. Alternatively it will be returned to you. At this point you will receive your boarding card.

Your boarding card must stay with you throughout the cruise - it acts as your passport when visiting ports, as your personal identification card onboard, as your stateroom key and also your onboard charge card for purchases.

You'll be asked to register a credit or a debit card against your stateroom or suite, to allow purchases of any extras onboard. Please note: cash is not accepted onboard in any of our bars, restaurants or shops. Instead all purchases are charged to your account and settled at the end of your cruise.

4 Security

Once you've completed check in, it's time to proceed to security. Just like in an airport, all your belongings and hand luggage will need to go into a tray and through a scanner, and you'll need to walk through metal scanners.

If you have a medical condition which exempts you from passing through the scanners, please speak to the port security staff, and make sure you have any supporting medical certificates with you.

For items that are not allowed onboard, please see page 6 "**What not to pack**".

5 Embark the ship

It's just a short walk or shuttle bus ride to the ship's gangway. When you enter the ship, our security will scan your boarding card to allow your boarding. This will happen every time you embark or disembark the ship in every port of call, so you'll always need your boarding card with you to avoid being denied entry or exit. If you need any assistance with a wheelchair, just let our land staff know.

6 Lifeboat/muster drill on day 1

To comply with all safety regulations and ensure the highest safety standards, there will be a general lifeboat drill, various crew drills and training exercises during the cruise.

You'll be required to attend a passengers' muster before ship's sailing. You'll have to wear your life jacket and gather at your muster station, where you'll be given safety instructions and get to know your station. The time of the drill will be indicated in the daily program, as well as being announced over the public address system and the sounding of the emergency signal.

Before you leave home

Travel documents

Your travel documents need to be valid for the duration of the cruise. You'll need up-to-date identification cards or passports, as well as a Schengen visa with enough entries, depending on your nationality and on your itinerary.

We recommend you travel with a passport that will still be valid at least six months past your cruise date. If you are travelling with a national ID card, please note that you can only enter Turkey as a citizen from one of the following countries:

- Belgium
- Germany
- France
- Italy
- Lichtenstein
- Luxembourg
- Malta
- The Netherlands
- Portugal
- Spain
- Switzerland
- Greece
- Poland
- Hungary
- Bulgaria

This travel document information is not exhaustive and only intended as guidance - some terms may be changed by local authorities without our knowledge. We strongly suggest you double check before you travel by contacting the embassies of the countries you will visit during the cruise, to make sure you take the correct documents and visas. US, Canadian and most European citizens do not require a visa to travel on our itineraries. Please be informed that if you do not have all the correct paperwork you are likely to be denied entrance/embarkation by the authorities and refunds are not available in the event of documentation being incomplete or invalid.

If any minor is travelling with one parent only during the cruise, the written consent of the second parent is required on a document certified and notarially legalized by a public legal authority.

If a minor is travelling without any of his/her parents escorting him/her during the cruise, the parental consent of each parent is required.

This document will be required by the Greek Passport Control Authorities in the last port prior to any non-Schengen port (exit from Schengen territory). Passport Control Authorities reserve the right to ask passengers to interrupt their cruise or deny their boarding, if the parental consent is missing.

Travel documents for Arabian Gulf cruises

In order to participate in this cruise, you must carry a valid passport that will still be valid for at least six months after your trip finishes. No identification cards (IDS) are accepted. Visa requirements for Qatar, UAE, Oman, Bahrain and Egypt vary by nationality. Information must be

checked in advance at the local embassies in your country of residence.

Travel insurance

You're strongly advised to take out appropriate travel insurance for the entire duration of your trip. This will cover you against things like loss and/or damage to luggage; delay, curtailment and/or cancellation of the holiday (whether by the company/supplier or the guest), including for reasons due to COVID 19; illness, medical treatment (including without limitation for COVID 19); death or personal injury, repatriation.

We strongly recommend that you ensure your insurance policy covers you sufficiently from the time your holiday has been booked to the end of your holiday.

If you have not applied for your own travel insurance you may contact Allianz Global Assistance at the following details:

We're so glad you're here

When you arrive onboard, we'll be ready to greet you with a very warm Celestyal welcome. It's a great opportunity to soak up the atmosphere ahead of your unique cruise experience with us.

Electronic services

Mobile app

Download our free smartphone app, and have all you need to know about your cruise right at your fingertips. Review your daily program and look for activities, book your excursions, find special offers, and access your stateroom account. You can even download our port agents contact details in case you need any assistance ashore.

Available in the App Store and Google Play Store.

WiFi

WiFi internet access is available at a charge. At times, users joining the onboard WiFi network may experience delays or interruptions. Internet connectivity at sea relies on expensive satellite service by operators that specialize in marine communications and cannot be compared to ashore fixed networks in terms of reliability and cost. Right now, Celestyal is unable to provide complimentary WiFi access, but we have made sure our rates are fair and affordable. Celestyal remains committed to the guest experience by heavily investing in upgrading its communication infrastructure. Please see page 29 for WiFi Packages.

Mobile calls

We want to make sure you can always connect with your loved ones back home. So when the ship has sailed out of terrestrial coverage, a cellular service is activated onboard, powered by an international satellite provider and the ship's satellite network. If your mobile device's roaming is enabled, you'll be connected automatically to MONACO TELECOM or 901-27.

This service is only available while cruising beyond terrestrial coverage. Your network provider may charge you for any phone calls, messages or use of data whilst roaming on this network; you should receive an SMS from your provider detailing the costs involved. To be completely sure, contact your home provider or turn roaming off on your phone.

Life onboard

Currency

The currency used onboard is the Euro. Major currencies can be exchanged for Euros at the Reception in limited amounts.

Your onboard account

Our vessels have a cashless system and all purchases onboard are charged to your stateroom account. Cash can only be used in the casino. If you didn't register a card at check-in, and you prefer to settle your account in cash, you'll need to leave a deposit at reception at the start of the cruise. We recommend 150 Euros for 3-night and 4-night Cruises and 200 Euros for 7-Night Cruises.

The daily program

A copy of the daily programme for the next day will be delivered to your stateroom every evening. Your personal bulletin will outline all the events and activities, arrival and departure times at each port, shore excursion details, dining times and other important information such as the opening times of our shops, gym, spa, hair salon, the disco and the casino. The programme will also offer helpful advice on suggested evening wear and other useful information.

Please let your travel agent know or contact our Passenger Services Department at paxserv@celestyal.com so that our catering team can be advised in advance.

If this is not possible, please inform your ship's assistant Maitre D' of any requests when you embark.

Halal meals are available free of charge. Kosher meals are available at an extra charge, and will need to be requested at least 30 days before your cruise departs.

Life onboard

Entertainment day and night

When it comes to entertainment, the fun never stops. There's a packed programme of events and activities every day with something to do for everyone of all ages to enjoy.

We're talking traditional and contemporary music, live shows, dancing lessons, exercise classes, language lessons and handicraft, lectures, sporting tournaments (where applicable) and much more. We start early while at sea and continue all day and into the evening. Our nightlife features a whole host of entertainment with both Greek and international themes. We have excellent musicians, and you can discover the sounds of the bouzouki and popular Greek songs. You could be the star of the show in the karaoke nights, or learn to dance like a Greek (but no plate smashing - sorry!).

If the disco is more your thing, our DJ will get you moving and grooving with plenty of popular international music. You can be our Dancing Queen or King!

Formal evening

During our 7-night and 4-night cruises, we host a Gala Night and Captain's Cocktail Hour in honour of our guests.

It's a chance to get glam; maybe a cocktail dress, something smart or a jacket and tie (not mandatory).

Relax by the pool

One of the very best places to chill out and relax onboard are the pool decks. Relax under the glorious Mediterranean sun with your favourite cocktail. Just bring a pool towel from your stateroom and come on up. The size and number of pools varies from ship to ship.

Relax, keep fit, feel special

If you want to keep in shape or simply enjoy a little gentle exercise, we have a fully equipped gym - towels are provided.

Spa days at sea

Relaxation is easy on vacation, but why not make it really special? Take some time for yourself at our spa, waited on by delightful, attentive beauty experts who go the extra mile. From classic massage, healing and ayurveda therapies to facial treatments, hair styling and luxury manicures, your onboard spa team creates an experience personal to you. After that, it's time

for a well-earned dip in the jacuzzi or sauna. Indulgent? You bet!

📍 Souvenir hunting at the Agora Shops

Your health and wellbeing

Your health is important to us and it will reassure you to know that we have a well-equipped medical center manned by a doctor and a nurse for all our cruises.

If you are feeling unwell or need advice you can make an appointment through reception unless of course it is an emergency.

It should be noted that the ship's medical centre is not required to be and is not equipped to the same standards as a land based hospital. The ship carries medical supplies and equipment in accordance with its flag state requirement.

Please note that if you require medical care onboard or any medication, your personal account will be charged.

You may wish to check the level of cover you have with your travel insurance company before your cruise to see which costs are likely to be included.

If you have any current health issues please inform us in advance of travel by emailing

paxserv@celestial.com

Depending on the circumstances you may need to let us have a written statement from your doctor that you are fit to participate in the cruise you have booked with us. We will always do our very best to help with any special arrangements in your stateroom but please advise us well in advance. Important travel advisory for guests over the age of 60 and guests with pre existing medical condition is required.

Photography

Onboard your Celestial Cruise you'll find professional photographers who are there to capture your special moments. Whether you're celebrating your honeymoon, anniversary or the holiday of your dreams, our photographers can capture the moments both onboard and onshore with photos and videos. Choose from a variety of packages or purchase individual photos in print, on a DVD album, or downloaded onto a USB stick. And don't forget to buy your souvenir DVD of your cruise experience.

Shopping

Our onboard duty-free shops are where you can find everything from souvenirs and clothes to tobacco and spirits. They are well-stocked with everything you might need including daily essentials and beauty products. Our friendly shop assistants can help you choose the perfect gift.

Smoking policy

Smoking tobacco, cigars and electronic cigarettes is only permitted in designated areas.

What to wear

The weather in the Mediterranean is mild and pleasant year-round. If you cruise with us during the warmer part of the year, from May through September, light-coloured cotton clothes will help keep you cool. If you plan to swim in our pool, or at one of the incredible beaches we'll visit, you'll of course need a swimsuit. It's also important to remember sunglasses, a hat, and a good sunscreen, to help protect you from the Mediterranean sun. If you intend to use one of the well-equipped gyms on our ships, make sure to bring proper clothes and shoes (but don't worry about a towel, we'll provide it). Air-conditioning is strong on the ship and because of the occasional sea breeze in the afternoon, we suggest that you also pack a light jacket or a windbreaker.

Dressing for our shore excursions

During the summer months, light-coloured cotton or sports clothes that 'breathe' will help keep you cool on our excursions. Make sure that you wear comfortable shoes for all excursions. If you intend visiting a religious or pilgrimage site, please dress respectfully in long trousers or a skirt that falls below the knee, and please remember to cover your shoulders.

As we sail through autumn and winter, warmer clothing is recommended as temperatures will be cooler. Wind breakers and warm jackets are a good idea.

For cruises in the Arabian Gulf

Lightweight clothing like loose t-shirts, longs-sleeved tops and scarves/shawls for women to cover the head and shoulders when visiting mosques will be handy. Shoulders and knees should be covered when visiting museums and other government buildings. Cleavage should not be displayed and women should avoid two piece bathing suits at public beaches. Long trousers for men (not shorts) and T-shirt with sleeves are required for visits in mosques.

Dress code for dinner

Our dining rooms and specialty restaurants have a smart dress code for dinner. It is advisable for ladies to wear a dress or long slacks and long trousers, with shirt or jacket for gentlemen. Please refrain from wearing shorts, casual slippers or flip flops.

If you wish, after a long day ashore, you can have a more casual approach to dinner in the buffet-style Taverna on Deck 9.

Evening wear

We like our guests to feel relaxed, so our dress code on most evenings is casual. On formal nights we suggest smart attire: perhaps a jacket, tie, cocktail dress - an elegant outfit, if you please.

Dress up

We host several themed nights on our cruises - including White night, and our famous Greek night, where you'll be invited to wear blue and white (the colours of the Greek flag). During our 7-night and 4-night cruises, there'll be a Gala night including the Captain's cocktail hour and the Ship's Officers' presentation. On this night, we encourage you to attend in formal dress: a cocktail dress or something smart for the ladies, smart casual attire for the gentlemen. Remember, the photographer will be there to capture the moment. Check your daily program for a schedule of all evening events.

Footwear

For your safety and comfort onboard we suggest sports, flat deck shoes with low heels or sandals. These types of footwear will make it easier for you to navigate the cruise ship decks and stairwells. Please do not walk barefoot on the open decks.

Accessories

You'll need a hat, sunglasses, a bathing suit, sandals and perhaps a small umbrella. Why not visit our onboard shops where you will be able to buy suntan oil, eye protection, bathing suits and anything else you might need? If you have forgotten your camera at home, rest assured that our excellent photographers onboard will shoot incredible photos and videos for you.

Don't forget, even the Mediterranean can get chilly in the winter months - so pack something warm.

Shore excursions

Your chance to make memories that last a lifetime.

Embrace the adventures that wait for you throughout the Mediterranean and Arabian Gulf. Follow in the footsteps of ancient civilisations, learn traditional customs from welcoming locals, immerse yourself in nature, or soak up the vibrant bustle of ultra modern cities. Take time to explore more, and experience moments of discovery that you'll never forget.

If you book a shore excursion, you'll also enjoy priority disembarkation.

Don't forget to redeem your voucher on time

You can do this up to 48 hours prior to embarkation, leaving you to relax and enjoy the warm welcome onboard knowing your excursion is already taken care of.

Don't miss out - book now

Our immersive onshore experiences are extremely popular, and we'd hate you to miss out. Also, you'll save time, money and queuing when you book ahead, while ensuring your chosen language option is ready and waiting for you. Authentic encounters can be pre-booked or canceled up to 15 days prior to the sailing date. They run in English language only.

Join our excursion presentation on embarkation

Not only is this a chance to get a taste of the incredible destination experience that awaits you on your adventure, but it's also an ideal way to know how things work, from where to disembark, to key times, what not to miss and everything else you might need to know along the way.

Of course, we're also always on hand to answer any questions you may have throughout your voyage, so please don't hold back - we love nothing more than sharing our passion for discovery.

Responsible explorer guidelines

**Making discoveries, sharing moments of wonder...
this is what cruising is all about.**

As we're all in this together, it's up to each of us to be responsible explorers onshore. Please take the time to absorb these guidelines, then get ready for adventure.

Be at the meeting point on your daily program 10 minutes early if possible to avoid delays.

Listen out for important instructions as well as great stories.

Radio guides

Use your Whisper radio guide to stay connected with us at all times.

If there are any discrepancies, you'll need to settle these at the Reception desk before your final disembarkation. Your account will remain open until your final disembarkation.

There is a pre-authorization amount of 1 € required which is refunded on the closure of your account.

Please also be aware that your credit card will be charged twice; once during the mid-week payment and one more on the last night of your cruise.

If you chose to deposit a cash amount, you'll need to settle your account at the Reception desk the night before the end of the cruise. Your account will be closed, and any additional services or purchases will need to be paid in cash.

If your medication needs refrigeration please notify us at the time of the booking. If applicable, please make sure you have a spare pair of glasses or contact lenses.

Medical treatment is at extra cost. For medical fees (consultation and medicines) please refer to the medical centre.

Pregnancy and infants

For their own health and safety, women who are or will be 24 weeks pregnant at any stage of the cruise are not allowed to travel aboard our vessels. We recommend that pregnant women who have not yet completed the 12th week of their pregnancy by the date of the cruise to consult their gynaecologist.

We reserve the right to request a medical certificate at any stage of pregnancy and to refuse travel aboard our vessel if not satisfied that the passenger will be safe during the cruise.

Important information

Guests with disabilities or impaired mobility

We want to make sure our cruises are a safe and enjoyable environment for everyone. If you have a mobility impairment, you'll need to provide us with full and detailed information at the time of booking. If we believe there might be a safety issue for you or for your traveling companion, Celestyal reserves the right to advise that the guest with health or mobility impairments must have the assistance of a person who will be responsible for and take charge of all of this guest's needs and requirements. If you or your traveling companion requires personal, individual care or supervision, this must be organized by you or your traveling companion at your cost. No Celestyal ship or staff or crew member can provide specific care or supervision to anyone, nor can we provide any form of medical care for a physical or psychiatric condition.

If you or the person with whom you are sharing your stateroom needs to use any special medical equipment during your cruise, you must tell us before you book your cruise. This means we can be sure that we're able to safely transport and store this equipment in your stateroom. This also applies if you're traveling with a specially-trained guide or aid dog. If you are traveling with a guide dog, all documentation must be sent to our Passenger Service Department by email at paxserv@celestyal.com at the time of booking, to ensure that there will be no issues in any of the ports visited.

We have a limited number of staterooms suitable for people with disabilities or whose mobility is impaired, but not all areas of our ships are accessible. Given these restrictions, bookings are dependent upon the availability of a suitable accessible stateroom. If you have a disability or mobility impairment, you must have a travel companion who is capable of caring for you throughout the selected cruise. Any cost incurred will be on the your account. If you're a wheelchair-user, you'll need to bring your own normal-size wheelchair. Celestyal only carries wheelchairs for emergencies on its vessels.

Celestyal is not required or obliged to organize alternative activities onboard or onshore for guests with disabilities or whose mobility is impaired. Celestyal does not bear responsibility for the partial or complete inability of these guests to participate in advertised activities or on shore excursions during the cruise.

We will always do our very best to accommodate, satisfy and support the demands, needs and wishes of our guests, be they medical, dietary or otherwise.

Celestyal reserves (in its absolute discretion) the right to refuse to accept a booking or embarkation of a disabled person or person with reduced mobility on the grounds of safety.

Please note that if you're traveling with a wheelchair, you may not be able to disembark in ports where tender boat service is in use for safety reasons. All our itineraries include at least one or two tendering ports, so please do contact the Passenger Services office at paxserv@celestyal.com for further information.

Time to say goodbye

When your ship has docked, disembarkation will begin once the local port officials have given clearance and all luggage has been offloaded. Disembarkation will take place in small groups in order to avoid congestion in the terminal. It usually takes about 1 hour from the ship's berthing time until your final disembarkation. In the meantime, you can relax onboard.

Traveling time from the port of Lavrio to Athens International airport will depend on means of transportation and traffic, but the average travel time is around 40 minutes. If you have an early flight, contact the reception desk onboard for further assistance. You can also contact our Passenger Service department at paxserv@celestyal.com
